

# SERVICE TRANSITION

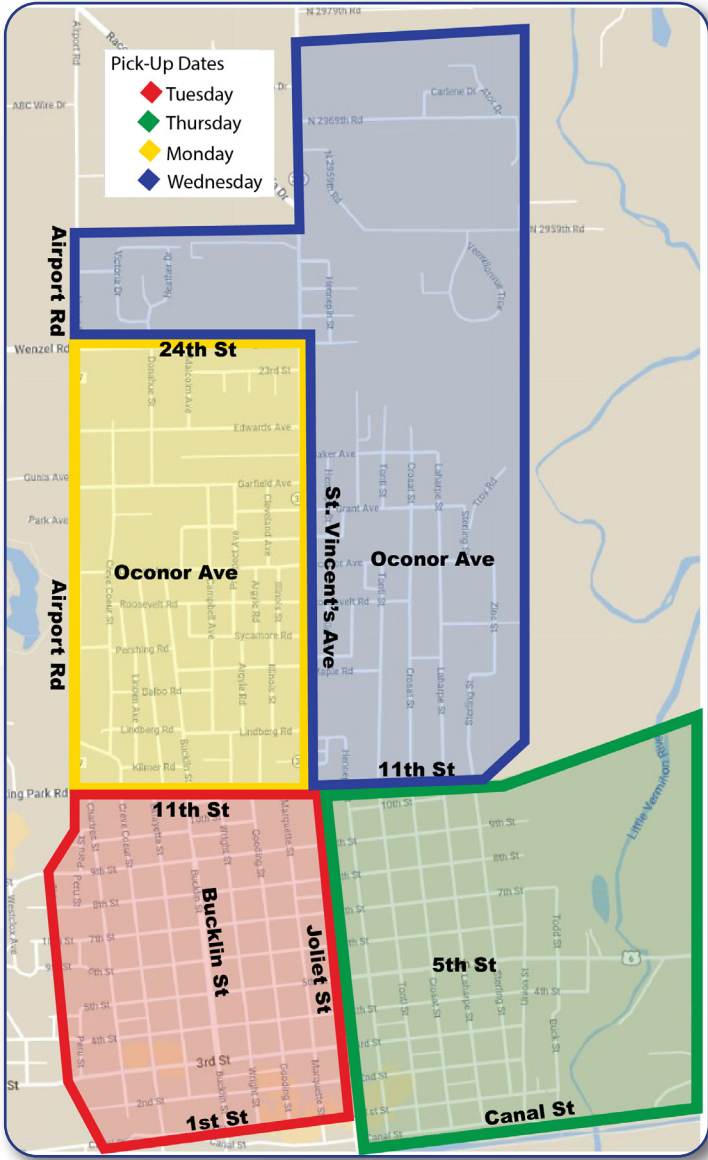

New service with LRS will start on **January 30, 2023**. However, LRS will start delivering waste carts on **January 23, 2023**. These carts will be placed at curbside close to where your address will receive future services from LRS. You may place the LRS carts out for collection on your first service day. Please see map for your service day. Some residents may see a change in collection day.

LRS has partnered with the City to enhance the current collection and provide a cart for every resident. LRS will only provide collection for the LRS branded carts that are provided under this new program. If you would like to throw away your personal container. Please place a note on it that states, "PLEASE THROW AWAY THIS CONTAINER." A note must be left on the container for the driver to throw away your personal property.

The current hauler will continue to provide collection through **January 27th**. After they collect your trash a separate truck will pick up any existing carts on the same day so please leave those carts at the curb until they are collected.

# SERVICE DAYS

Please visit [LRSrecycles.com/LaSalle](https://LRSrecycles.com/LaSalle) for more information.

# LRS OBSERVED HOLIDAYS

New Year's Day	Independence Day	Christmas Day
Memorial Day	Thanksgiving Day	Labor Day
Holiday service will be provided one day later than regular collection if the holiday falls Sunday-Friday. If the holiday falls on a Saturday, service will not be affected. Find more information regarding holiday service schedules by visiting <a href="https://LRSrecycles.com">LRSrecycles.com</a> .		

**CITY OF LA SALLE**  
[MONMOUTH@LRSRECYCLES.COM](mailto:MONMOUTH@LRSRECYCLES.COM) | 309.586.4410

LRS is excited to become the City of La Salle's new residential waste, recycling and yard waste hauler, starting on **January 30, 2023**. We have a great appreciation for the high standards La Salle residents have when it comes to service, quality and value. We look forward to exceeding those expectations. LRS is an Illinois based company with a local operation established nearby in Atkinson and a call center located in Monmouth! Under the City's new contract with LRS, residents will see new service enhancements.

This correspondence includes important information that will answer basic questions and explain your new services in greater detail. We hope that you will keep it handy, and use it as a reference point as needed.

## WASTE COLLECTION GUIDELINES

All La Salle residents will be provided with one standard 95-gallon waste cart at no cost. This cart will be serviced **weekly** at the curbside.

All carts should be placed at curbside no later than 6 AM on your service day. LRS recommends that carts are placed out for service the night before. Although LRS strives to keep a consistent pick-up time, weather and staffing can alter pick-up times so please keep your cart out at the curb until service has been completed.

All waste should be bagged and placed inside of the provided LRS cart with the lid closed to ensure safe collection and to help maintain a clean neighborhood appearance. When placing your cart at the curbside place the cart at least three (3) feet from mailboxes, vehicles and other obstructions. The lid should face the road with the handle facing your home. Proper cart placement will help the driver navigate safely and efficiently through your neighborhood!

### EXCESS GARBAGE

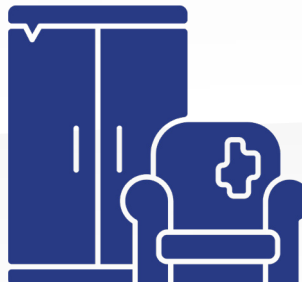

For trash that does not fit in the cart, please bag it and affix a single refuse sticker to the front of the bag so that it is visible to the driver. Bags of waste outside of the cart, must have a sticker affixed to the bag to receive collection. Refuse stickers may be purchased at City Hall, Save-a-Lot, Illinois Valley Foods or any other future participating local businesses for \$2.75 each.

### ADDITIONAL WASTE CART(S)

Should you need additional cart capacity on a permanent basis, the City can order a second cart for an additional monthly fee of \$5.00. Please contact City Hall to order your additional cart.

### BULK ITEM

If a single household item is too large to fit in a cart then it is considered a bulky item. LRS will accept one bulky item each week! Please place the bulky item next to your trash cart on your regular scheduled collection day. If the item is heavier than 50 lbs please contact LRS to schedule the collection with our customer experience team so they can provide adequate equipment to handle the item safely. Additional bulk items will require 10 refuse stickers to be affixed to each single item to avoid a city ordinance violation.

### WHITE GOODS

LRS will provide collection of major appliances, including but not limited to ovens and refrigerators for a fee of \$27.50. White goods must be scheduled with LRS because these regulated materials do not go to the landfill and require separate collection. Please contact us at [Monmouth@LRSRecycles.com](mailto:Monmouth@LRSRecycles.com) or call **309.568.4410** to schedule the item and pay VIA card at the time of the request.

## RECYCLING COLLECTION GUIDELINES

One standard 95-gallon recycle cart will be delivered to all La Salle residents at no cost, serviced **every other week** at the curbside. Similar to waste collection recycle carts should be placed at curbside no later than 6 AM on your service day.

All recycle materials should be placed “loose” inside of the provided LRS cart with the lid closed to ensure safe collection and to help maintain a clean neighborhood appearance. Unlike trash, do NOT bag recyclables. For proper cart placement guidelines, please refer to the waste collection guidelines section. Please log on to our website at [LRSrecycles.com/LaSalle](http://LRSrecycles.com/LaSalle) to view the recycling collection schedule to determine which week collection will occur at your address.

Recycling can be complicated if you are a new participant. To avoid contamination please refer to the guidelines in this brochure, our website and the lid of your recycling cart. If you still have questions contact our customer service and we will be happy to assist you!

### EXCESS RECYCLABLES

All materials must be placed inside of the provided cart. No exceptions. Placing additional materials outside of the cart will violate city ordinance and risk littering the community. Please break down boxes and place them inside the cart.

### ADDITIONAL RECYCLING CART(S)

Should you need additional cart capacity on a permanent basis, the City can order a second cart for an additional monthly fee of \$5.00. Please contact City Hall for more information.

### ACCEPTED RECYCLABLES

Paper | Steel & tin cans | Aluminum cans & foil | Cartons  
Glass bottles & jars | Plastics containers

### HOW TO RECYCLE

- Recyclable items must be clean
- NO used paper plates or pizza boxes, or fluorescent paper (they contaminate the paper stream with food, dye, or plastic coating) If pizza box top is clean you can tear it off and recycle it
- NO paper towels, tissues, or napkins, which are not recyclable because the fibers are too small to reuse (please compost them with kitchen food scraps if possible)
- NO shredded paper – Loose shredded paper causes major sorting problems in the recycling facilities
- NO frozen food boxes, which are made of a hybrid of paper and plastic, and are not wanted by paper mills
- NO paper cups, which are made of a hybrid of paper and plastic rendering them unrecyclable

For more information please visit [LRSrecycles.com/LaSalle](http://LRSrecycles.com/LaSalle)

## YARD WASTE AND ORGANICS COLLECTION GUIDELINES

The current Monday curbside yard waste collection program will no longer be available. The program has been replaced with a yard waste & organics drop off program.

All locations will accept securely tied bundle of brush or branches using biodegradable cord, string, rope or twine that does not exceed fifty (50) pounds in weight, two (2) feet in diameter, and four (4) feet in length, with individual branches no larger than three (3) inches in diameter.

### YARD WASTE AND ORGANICS DROP-OFF SITES

**SITE 1:** City of La Salle yard waste drop-off Site- Residents traveling east on U.S. 6 can take a left onto Troy Grove Blacktop then take the first left

**SITE 2:** City of La Salle Public Works Building (LRS BINS)-146 Industrial Drive Open from 7 AM to 3 PM on weekdays

### BRANCH PICK-UP

Contact the City directly to schedule branch pick-up at **815.223.3755**. There is a \$10 charge for the first 15 minutes of branch pick-up plus \$0.75 per minute for each minute beyond the initial 15 minutes.

Branches must be no longer than six (6) feet in length and three (3) inches in diameter. Branches should be neatly stacked curbside. No branch pick-up can be made in alleys. The city cannot remove tree trunks or stumps or branches larger than described above.

### LEAF COLLECTION

Burning of yard waste in residential zoned areas is prohibited. City leaf pick-up begins in October and ends in late November. Exact start and end dates vary from year to year based on weather.

The schedule for the City leaf vacuum is as follows:

- Monday - Households located North of 11th St and East of St. Vincents Ave
- Tuesday & Wednesday - Households located North of 11th St and West of St. Vincents Ave
- Thursday - Households located South of 11th St and West of St. Vincents Ave
- Friday - Households located South of 11th St and East of St. Vincents Ave & all households East of the Little Vermillion River

### CHRISTMAS TREES

Christmas trees will be collected curbside at no charge on your regular day of service throughout the month of January, each year. Please limit the amount of trees placed for collection to one.
